Media Guide

Trade Shows provide the perfect opportunity to increase your company's exposure to the trade press.

Through this exposure, you can inform your target customers that you are exhibiting at the RLA Conference & Expo with new products and services to introduce them to as well as obtain editorial coverage for your company and its products and services after the show.

Publications have a limited amount of editorial space. Publication of your company's news is not guaranteed. Make sure your press kit or news release is newsworthy, concise and relevant to the editors and writers you are trying to reach.

Develop a press information kit for the Press Room

Include news releases and background information on your company and its services and/or products, photos, digital photo and release files, multimedia CDs, etc. You should have 5 press kits available for the press room and another 5 available at your booth to use during the show.

Delivering Your Press Kits to the Press Room -

To ensure that your press kits are available to media at the show, you should deliver your kits to the press room when you arrive on-site. The press room includes a section dedicated to exhibitor press kits, which are arranged alphabetically by exhibiting company name. As there is limited space available for each company, please bring 10 press kits on the first day. You may return to the media center as needed to check your supply and replenish if necessary.

Please keep in mind that RLA can not be responsible for replenishing your press kits. All extra press kits must be kept at your company's booth. Also, please do not ship your press kits directly to the media center.

Don't forget to put your company's booth number on your press kits so that media can easily locate you on the show floor. A sticker on the front of the press kit with your booth number works well. Also, remember to pick up any leftover press kits on

the last day of the show. Any remaining press kits will be recycled after the show.

Press Releases – Write, edit and distribute your company news releases. Content may include new product announcements, personnel releases, new contracts, partnerships, new programs, etc. Send releases out to appropriate members of the press or news wire services and post your press release at RLA. If you would like to have your press release posted on the RLA site please submit it [here](#).

Press Conferences and Briefings – As an exhibitor, you can reserve time in the press conference room for any media event. Call +1 510-440-8565 to reserve space or email info@rltshows.com.

The room is reserved at no charge on a first-come, first-served basis. All A/V and catering requirements for the press room are the responsibility of the exhibitor and must be ordered in advance.
